

Hi All,

I Dee from YKHC shared this great success story. Congratulations YKHC WIC for finding a fun way to promote breastfeeding.

Kathleen

Subject: YKHC Baby Crawling Contest

Good Morning,

YKHC WIC celebrated Alaska Breastfeeding week in a different way this year. Zhi Tai, YKHC WIC Breastfeeding Coordinator, organized and put together a "Baby Crawling Contest". The contest consisted of four rounds with a break for participants to answer some breastfeeding fun questions. Eighteen babies showed off their crawling skills as excited parents coached from the sidelines. Eight-month-old baby girl was the grand champion winning the largest prize. Please see pictures below. I also attached forms and certificate for participation if any local agency interested in implementing the same contest in their area.

Thanks,
Dee
